

EARLY CHILDHOOD EDUCATION CERTIFICATE (ECE)

The Early Childhood Education program prepares students to work with young children in a variety of early learning and child-care settings. Through study of such topics as Child Development; Child, Family & Community; as well as practical exposure through practicum placements at child-care agencies, students gain the knowledge and experience needed to become early childhood educators. Graduates receive an Early Childhood Education Certificate (Basic) I certification.

This program is designed for those who wish to qualify as early childhood educators in daycare or preschool centres. You may work as an assistant while attending classes. The program does not qualify students to teach in the public school system. The successful completion of 15 courses (including 9 weeks of practicum time) is required for licensing by the Community Care Facilities Branch.

Admission Requirements: Secondary school (grade 12) graduation or equivalent, or acceptance under mature student regulations. Record of previous education, appropriate references, complete application form. All prospective students to the ECE program must go through the application process which includes an interview with our program coordinator and completion of our application package. All students must be accepted to the program by our program coordinator before they may register. Application session dates are listed on the back of this sheet.
