COMPUTER ACCOUNTING PROGRAM

There is a constant and ongoing demand for qualified bookkeepers. Your employment options will expand with a Computer Accounting Certificate that is recognized by the Canadian Payroll Association. Qualified bookkeepers are in demand and today's employers require up-to-date training and skill sets. You will learn the core principles and theories in accounting that will enable you to transfer and cross-over these skills to other accounting programs.

Admission Requirements: Grade 12 or mature student (over 19 and out of school for one year) PLUS touch control of the keyboard with 20 net wpm

Computer Accounting Program Courses

(7 core courses required with 2 optional courses)

- Bookkeeping 1
- Accounting 2
- Accounting 3
- Introduction to MS Windows 10
- MS Excel 2013 Level 1
- Sage 50 (Simply Accounting) Level 1
- Sage 50 (Simply Accounting) Level 2
- MS Excel 2013 Level 2 (optional)
- Employment Preparation (optional)

Business Program Courses & Computer Applications

BOOKKEEPING 1

This course is designed to introduce the student to the basic concepts of accounting and to set a foundation for the understanding of accounting theory and practice. It will introduce students to the accounting cycle from setting up the chart of accounts to the calculating and presentation of financial statements. The course will show how different items are classified into asset: liability, equity, revenue and expense accounts. It will also show how to do a bank reconciliation and how to setup and use petty cash.

Bring a hand calculator.

Early Childhood Education Certificate

Why ECE?... Because Kids Don't Come With Instructions!

The Early Childhood Education Program (ECE) prepares students to work in a variety of early learning settings such as preschool, private kindergarten, Strong Start, child care, or community recreation courses for young children. Successful completion of 15 courses, including three practicum courses, and 500 hours of work experience qualifies students to apply for provincial licensure as an Early Childhood Educator. Licensed graduates may ladder into post-basic diploma programs, or into Child and Youth Care degree programs at other institutions. (Graduates do not qualify as teachers in the public school system.)

Admission Requirements:

Secondary school (grade 12) or equivalent, or acceptance under mature student status.

Duration: 908 hours

Application for admission is required.

PROGRAM REQUIREMENTS:

ECE01 & 02 Child Growth & Development I & II

During these two courses students learn to use observation, research, and documentation tools to explore expected developmental milestones for children from pre-birth to eight years of age. Developmental theory is reviewed, and students conduct a child study to compare their own observations with generally accepted theories of development.

ECE03 Foundations in ECE

This course introduces students to the history of early childhood programs, and explores the current issues that affect the early childhood education field. Current issues are identified and explored from local, national, and global perspectives. Topics might include: children's rights, program standards and regulations, assessment, and government policy regarding child care and early learning.

ECE04 Health, Safety & Nutrition

This course supports students as they develop the skills and knowledge necessary to keep very young children safe and healthy in group situations. Provincial regulations pertaining to child care are reviewed, and students are required to develop methods and resources that assist adults as they strive to protect the health and safety of young children.

ECE05 Creative Art / ECE08 Language & Literature / ECE10 Music & Movement / ECE11 Math, Science & Technology

These four courses provide students with the tools and resources they will need to work in any early childhood program. Students practice the practical skills necessary to lead developmentally appropriate activities, learn to articulate and communicate what the children are learning, and develop a number of resources for use in the classroom.

FREE Information Sessions:

Wed. November 20 7:00 pm

Wed. February 19 7:00 pm

Wed. June 17 7:00 pm

Wed. August 19 7:00 pm

Call to register!

ECE06 & 07 Curriculum I & II

These general curriculum courses support students as they learn to plan and execute developmentally appropriate activities for young children. Students begin by learning to develop and integrate traditional curriculum models, and are then encouraged to refine their observation skills and think more deeply as they work toward sharing and documenting pedagogical narration.

ECE09 Guiding Behaviour

Quality in early learning environments often depends on the relationships that are developed between and among teachers and children. This course reviews the history of guiding behaviour and introduces a variety of theoretical approaches, with the aim of preparing students to use positive relationships as the basis for classroom management.

ECE12 Child, Family & Community

Students will explore the role of early childhood programs as a support to families in our communities. Family-centered models of care will be studied, and particular attention will be paid to the factors that affect the development of strong and resilient families within our communities. Methods of positive communication, issues of diversity, and the early childhood educator's overall roles and responsibilities will be explored in depth.

ECEP01-03 Practicum I / II / III

Practicum is a provincially mandated course requirement that provides students with the opportunity to experience several different program delivery models as they practice, and improve on the skills necessary to become skillful practitioners. RMC recognizes that a workplace practicum model has become necessary for many of our students, and a process exists that can support students as they meet some of the necessary practicum hours within their workplace.

\$30 APPLICATION FEE FOR THE ECE PROGRAM**

Education Assistant Program

Education Assistants work with K-12 students with special physical, behavioural, or learning needs. Ridge Meadows College Education Assistant Program will prepare you for supporting students in mainstream, learning assistance, resource room, English literacy, and alternate settings. The program will commence mid-August and will be complete mid-May 2019. The program runs Tuesday, Wednesday, and Thursday evenings (6:30-9:30 pm) – there will be occasional Monday evenings as well – and most Saturdays (9:00 am – 3:30 pm). A schedule will be provided to successful applicants by the end of June 2019. There will be two weeks of Directed Observation during school hours towards the end of October, and a four week practicum during school hours starting in late April. Cost of the program (subject to change) is approximately \$8,500.00. Payment plans are available. The program is currently not eligible for student loans.

While this is considered a part-time program, the work load is quite heavy. Regular attendance, participation, and completion of assignments is of the utmost importance.

Application Requirements:

The Deadline for Application for Fall 2020 is FRIDAY, MARCH 20, 2020

Late applications may be considered once applicants who have met the deadline have been reviewed and if space remains. There has been a demand beyond our capacity in recent years, so we recommend applying by the deadline.

- Completion of Application form – **the form will be available online December 3 or can be picked up in person at the college after that date.** Our website: www.rmcollege.ca

Included with the application form, please submit:

- A **hand-written**, one-page letter / statement about why you feel you are a good candidate (to include any experience dealing with children, youth, or persons with special needs)
- Two letters of reference, preferably from professionals in education, special needs programs, child care, recreation, or community service.
- Transcript or proof of Grade 12 graduation. Off shore credentials may be considered. Evidence of other post-secondary education should be included.
- A record / summary of applicable work or volunteer hours (100 hours).
- A resume is not mandatory, but useful.

Pre-Requisites:

- Completion of the application form along with supplemental documents and a **\$30 non-refundable application fee.**
- High School Graduation – Grade 12.
- Excellent communication skills in written and spoken English
- Ability to pass a Criminal Records Check for work in the vulnerable sector – the college will run these checks upon acceptance to the program.
- 2 professional references.
- 100 hours appropriate work / volunteer experience.

Assets for Applicants:

- Volunteer or work experience with children or youth in school settings (K to 12)
- Volunteer or work experience with children, youth, or adults with special needs
- Familiarity with the various roles of education assistants in the school system
- Strong numeracy and academic aptitude
- Post-secondary courses in education, psychology, special needs, or health care
- Other training related to health care, child care, behavioural support, or home support

Selection Process:

A limited number of applicants will be accepted to the program. Class size each year is limited so selection into the program is based on a competitive process. **Application packages will be reviewed after the March 20, 2020 deadline.**

Applicants are evaluated on their initial application package. Selected applicants will be screened through further written and personal interviews, focusing on these criteria:

- Completeness of the application, including both references and **hand-written** letter
- Relevant work and/or volunteer experience, especially with people with special needs or in K-12 classrooms
- Strength of the hand-written statement in terms of content, clarity, and writing skills
- Related prior education and other applicable academic qualifications
- Demonstrated understanding of the role of an education assistant
- Preparedness for the program's demanding schedule

Only applicants who will be given further consideration will be contacted by May 1.

Applications will be reviewed by a committee of program instructors and college administration. Their decisions regarding applications are final and not subject to appeal.

Safety Programs

FOODSAFE BASIC (LEVEL 1)

Admission requirement: fluency in English.

BC Ministry of health required sanitation program for people working in the food service industry. Graduates are registered with the BC Ministry of Health and will receive a Food Safe Certificate. Professional Advanced Reflexology Program: Foot Module

Reflexology is a complementary therapy that involves manipulating the feet, hands and ears to relax and increase the circulation to any part of the body. The objective of this program is to give clear guidelines for the student to achieve a level of professional competency in the field of Reflexology.

REFLEXOLOGY INFORMATION SESSION

Meet the instructor and have your questions answered regarding certification under The Reflexology Association of BC.

25777	T	Dec 3	7:00 pm
35777	T	Mar 3	7:00 pm

FREE/1 session – Please phone to register.

MODULE 1

We will go into the theory and concentrates on the practice of foot reflexology and endeavor to understand and practice the basic ideals and techniques, as well as the definition, benefits, effects and theories, and how it relieves stress and tension. Through hands-on practice we will be well versed with the reflex points in the feet that correspond to every area of the body. Upon completion, you will be able to complete a foot reflexology session on a client. Setting up a reflexology business and practice at a professional level are also studied. Course materials provided. 20 Classroom Hours.

37000	Sa	Jan 11-25	9:30 am-4:30 pm
47000	Sa	Apr 4-25	9:30 am-4:30 pm
No class Apr 11			

\$395/3 sessions

MODULE 2

In module 2, we will study human anatomy, system disorders and how to work on them. Referral areas, foot conditions and contraindications are explained. This module concentrates on preparing you to write the Professional Reflexologist Provincial Certification Exam for the Reflexology Association of B.C. (If the Student chooses upon completion of the course to join the RABC and write the exam they must complete 60 Reflexology sessions on their own). Course materials provided. 20 Classroom Hours

37001	Sa	Feb 1-22	9:30 am-4:30 pm
No class Feb 15			
47001	Sa	May 2-23	9:30 am-4:30 pm
No class May 16			

\$395/3 sessions

About the instructor: Ron Leibel - RABC Approved Reflexology Teacher. Ron has instructed Reflexology Courses since 2002 at Langara College, Vancouver School Board, Kwantlen University College, Surrey College, Vancouver Community College, North Shore Continuing Education, Burnaby Continuing Education, Port Moody Community Services, Coquitlam Continuing Education, West Vancouver Community Learning, Metro College and Advanced Reflexology Institute. He was President of the Reflexology Association of British Columbia for 6 years and is currently on the board of directors. He has practiced full-time reflexology since 1993.
